GreenWay Fruit Fly Kit (12 bottles) IL-1520

12 Bottles (15 ml) of Fruit Fly Traps (Food Attractant) for multiple species of common fruit flies. These can be used in any area experiencing fruit fly activity IL-1520-12.

Features and Benefits

The GreenWay Fruit Fly Kit (IL-1520-12) features the Insect Limited's custom attractant for common fruit flies. It has been designed to capture red-eyed fruit flies but will also capture dark-eyed fruit flies.

The liquid attractant is made up of a combination of multiple food attractants that have been tested both in the laboratory and in the field on fruit fly adults. The traps are very easy to use, as you only need to unscrew the top and place the trap upright on a flat surface to begin capturing fruit flies.

These attractant that will remain attractive for 6 months.

These traps can easily be placed on floors, under furniture or on shelves in closets or throughout other living spaces or storage rooms. Beetles that are attracted to the lure are readily stuck in the glue upon entering the trap.

How This Product Can Help You

These GreenWay Fruit Fly traps pair the science of insect biology to a strongly researched food attractant that was designed specifically to attract fruit flies in problem areas such as fruit and produce storage, drains and trash receptacles.

When paired with the easy to use trapping system that incorporates a custom designed funnel entry at the top of the trap, the traps will:

- Tell you if the flies are present
- Indicating where they are coming from
- Capture many breeding adults and take them out of the pest population
- Finally tell you whether the control measures (E.g. removal of the infested product, increased sanitation, freezing, etc.) that you have taken are working or not.

How to Use This Product

When you open this kit box, you will find 12 GreenWay Fruit Fly bottle traps.

When you are ready to use this product, the cap should be removed and the trap should be set upright on any flat surface where fruit flies may be found. They are extremely easy to use and very effective. Our customers include commercial kitchens, bars, food processing plants, cafeterias and residences.

Although the attractant is non-toxic, avoid direct contact with your skin if possible or simply wash your hands with warm water and soap if contact is made. GreenWay Fruit Fly traps are non-pesticidal.
